Antenatal Booking Consultation

Department of Obstetrics and Gynaecology

PATIENT **Hannah Brooks**	UHID **MG25005**	AGE / SEX **31 years / Female**
REPORT DATE **02 Jun 2026**	REFERENCE NO. **CON-52025754**	DEPARTMENT **Department of Obstetrics and Gynaecology**

GRAVIDA / PARA **G2 P1**	LAST MENSTRUAL PERIOD **29 Mar 2026**	GESTATION AT BOOKING **9w2d**
ESTIMATED DELIVERY DATE **03 Jan 2027**	BLOOD PRESSURE **112/68 mmHg**	BMI **24.1 kg/m2**

History

Mrs. Brooks is a 31-year-old woman in her second pregnancy. Her first pregnancy ended in an uncomplicated term vaginal delivery in 2022; the baby weighed 4.2 kg. **No history of pre-eclampsia, gestational hypertension or stillbirth.** No chronic medical conditions.

The estimated delivery date is 03 Jan 2027, calculated from the last menstrual period and confirmed by the dating scan.

Allergies

- Latex: contact dermatitis
- No known drug allergies

Medications

- Folic acid 400 mcg once daily
- Vitamin D 1000 IU once daily

Obstetric History

Pregnancy	Year	Outcome	Birth weight	Complications
1	2022	Term vaginal delivery, live girl	4.2 kg	None
2	2026	Current pregnancy	-	-

Family and Social History

- Mother has type 2 diabetes diagnosed at age 58.
- Works as a primary school teacher; does not smoke or drink alcohol.
- Lives with her husband and daughter; good family support.

Screening Offered at Booking

Test	Timing	Decision
Dating ultrasound	8 to 12 weeks	Accepted
Combined first-trimester screening	11 to 13 weeks	Accepted
Anomaly ultrasound	18 to 20 weeks	Accepted
75 g glucose tolerance test	24 to 28 weeks	Accepted

Risk Assessment

A previous baby above 4 kg is a risk factor for gestational diabetes, so a 75 g oral glucose tolerance test (OGTT) is planned at 24 to 28 weeks. Low risk for pre-eclampsia; aspirin not indicated.

SYNTHETIC DATA — FOR DEMONSTRATION ONLY

Plan

- Booking bloods and urine culture today.
- Anomaly scan at 18 to 20 weeks; growth scans from 28 weeks.
- OGTT at 24 to 28 weeks.
- Next visit at 16 weeks.

Electronically signed: **Dr. Laura Whitcombe, Consultant Obstetrician** on 02 Jun 2026
